Subject: East Plant - Halowax question
Date: Wednesday, May 15, 2013 9:46:33 AM

Hi Mike,

I'm working from home and don't have the RFI or DOCC documents handy. Would you know what type(s) of Halowax Koppers made at the site or were NAPL samples analyzed during the RFI? If you don't know, I'll look it up tomorrow when I'm back in the office.

Thanks.

Carolyn
